

EXAMINATION PAPER

- The written examination paper will be 2 hours in length.
- Exam questions will only relate directly to human dwellings on a non commercial scale.
- There will be 2 parts to the examination paper.

PART 1

This part assesses **Criterion 3** (Apply features and principles which will contribute to environmental sustainability within design decisions).

Students must complete **ONE question** (from a choice of two questions), relating solely to passive design:

There will be:

- **ONE** question on Cool Temperate Climate
- **ONE** question on Tropical – Hot Humid Climate

PART 2

This part assesses **Criterion 4** (Understand and use architectural design principles relating to functional use of space).

Students must complete **ONE question** (from a choice of two questions).

These questions may address the layout of these spaces:

- Kitchens, bathrooms, studies, small apartment/units and adjoining outdoor spaces

Consideration of the needs of wheelchair users, children, aged, single or shared occupancies within a range of ages may be included.

Questions may require responses relating to ergonomics, circulation, spatial relationships and zoning where appropriate.

Questions in this section will not require responses on surfaces.
